24Hr Hackathon
12 April 2026

AI & Machine Learning Workshop
12 April 2026

Web Development Bootcamp
13 April 2026

Why Participate in TechFest?

🚀 **Innovation**
Showcase creative technical ideas.

🤝 **Networking**
Connect with students and tech enthusiasts.

🏆 **Competitions**
Win prizes in exciting competitions.

Technical Clubs at Sanjivani College of Engineering

ITERA

Information Technology Engineering Research Association (ITERA) is the technical club of the IT department organizing TechFest, hackathons, coding competitions and technical workshops.

- Hackathons
- Web Development Workshops
- Competitive Coding

Join Club

Robotics Club

The Robotics Club focuses on automation, robotics competitions and embedded systems development.

- Robot Building
- Drone Projects
- Automation Competitions

Join Club

AI & ML Club

This club promotes learning in Artificial Intelligence, Machine Learning and Data Science through projects and workshops.

- AI Workshops
- ML Projects
- Data Science Hackathons

Join Club

Cybersecurity Club

Cybersecurity Club trains students in ethical hacking, network security and cyber defense competitions.

- CTF Competitions
- Ethical Hacking Workshops
- Security Research
